

Dear colleagues,

We are delighted to announce that **the XIX International Conference on Topics in Astroparticle and Underground Physics (TAUP2025)** will take place **from 25 to 29 August 2025**, at the picturesque **Qionghai Hotel**, situated along the beautiful lakeshore in **Xichang, Sichuan Province, China**.

TAUP2025 is designed to convene theorists and experimentalists in the field of astroparticle physics to assess and deliberate on the current state and future directions of our discipline's thematic areas, including:

- Cosmology and particle physics
- Dark matter and its detection
- Neutrino physics and astrophysics
- Gravitational waves
- High-energy astrophysics and cosmic rays

Xichang serves as the support city for the China Jinping Underground Laboratory (CJPL), and we are pleased to offer guided visits to the CJPL for registered participants on 24 August and 30 August, 2025.

For details on the conference programme, venue, visa, travel, accommodation, and other essential information, please visit the official conference website:
